

## PREVENTION INTERVENTION *Sunshine Health Opioid Training*

# Managing the Opioid Epidemic

Free online course for all providers.

Physicians play a pivotal role in curbing opioid abuse. For your critical efforts, Sunshine Health is offering a free online course: **Managing the Opioid Epidemic**.

- **Free CME/CEU:** Eligible clinicians can receive 10.5 CME or CEU credits through Relias Learning.
- **Easy access:** The eight-module course can be taken at your pace. You'll receive partial credits for modules you complete. The training certificate is sent to the state upon completion.
- **Enroll now:** There is no deadline to complete the course. Providers, however, must register and start a module on or before Dec. 31, 2020.

### Training highlights include:

- Opioid addiction treatment strategies
- Best practices for prescribing opioids
- Factors fueling the epidemic
- Innovative approaches to treat chronic pain

---

**Bonus:** Course includes annual two-hour domestic violence requirement.

Register at [sshpo.training.reliaslearning.com](https://sshpo.training.reliaslearning.com). To take the free course, users must create a new Relias Learning account — even if they have an existing account. Contact Provider Relations at 1-844-477-8313 with any questions about this free training.
