Welcome to Children's Medical Services Health Plan's Statewide Medicaid Managed Care Plan

The Florida Department of Health (DOH) has a contract with the Florida Agency for Health Care Administration (Agency) to provide healthcare services to people with Medicaid. This is called the **Statewide Medicaid Managed Care (SMMC) Program**. You are enrolled in our SMMC plan, the CMS Health Plan. This means we will offer you Medicaid services. We work with a group of healthcare providers to help meet your needs.

There are many types of Medicaid services you can receive in the SMMC program. You can receive medical services, like doctor visits, labs, and emergency care from a **Managed Medical Assistance (MMA)** plan. If you are age 18 or older with a disability, you can apply to receive nursing facility and home and community-based services in a **Long-Term Care (LTC)** plan. If you have a certain health condition, like AIDS, you can receive care that is designed to meet your needs in a **Specialty** plan.

This handbook will be your guide for all healthcare services available to you. You can ask us any questions or get help making appointments. If you need to speak with us, just call us at 1-866-799-5321.

Florida DOH partners with Sunshine Health to operate the CMS Health Plan. Sunshine Health is a licensed Florida health plan.

If it is in your best interest, we will release only your health records that are directly relevant to the person's involvement in your care.
- **Inmates.** If you are an inmate of a correctional institution or under the custody of a law enforcement official, we may release your PHI to the correctional institution or law enforcement official where such information is necessary for the institution to provide you with health care, to protect your health or safety, or the health or safety of others, or for the safety and security of the correctional institution.

All other uses and releases of your health records not described will be made only with your written consent. You may cancel consent at any time. The request to cancel consent must be in writing. Your request to cancel consent will take effect as soon as you request it except in two cases. The first case is when we have already taken actions based on past consent. The second case is before we received your written request to stop.

Member Rights:

Below are your rights with regard to your health records. If you would like to use any of the rights, please contact us using the information provided at the end of this notice.

- **Right to Revoke.** You may revoke your consent to have your PHI released at any time. It must be in writing. It must be signed by you or on your behalf. It must be sent to the address at the end of this notice. You may submit your letter either by mail or in person. It will be effective when we actually received it. The revoked consent will not be effective if we or others have already acted on the signed form.
- **Request Restrictions.** You have the right to ask for limits on the use and release of your PHI for treatment, payment or health care operations as well as releases to persons involved in your care or payment of your care. This includes family members or close friends. Your request should be detailed and exact. It should also say to whom the limit applies. We are not required to agree to this request. If we agree, we will comply with your limit request. We will not comply if the information is needed to provide you with emergency treatment. However, we will limit the use or release of health records for payment or health care operations to a health plan when you have paid for the service or item out-of-pocket in full.
- **Right to Request Confidential Communications.** You have the right to ask that we communicate with you about your health records in other ways or locations. This right only applies if the information could harm you if it is not communicated in other ways or locations. You do not have to explain the reason for your request. You must state how you could be harmed if the change is not made. We must work with your request if it is reasonable and states the other way or place where your health records should be sent.
- **Right to Access and Receive a Copy of your Health Records.** You have the right, with certain limits, to look at or get copies of your health records contained in a record set. You may ask that we give copies in a format other than photocopies. If it is possible, we will use the format of your choice. You must ask in writing to get access to your health records. If we deny your request, we will provide you a written reason. We will tell you if the reasons for the denial can be reviewed. We will also let you know how to ask for a review, or if the denial cannot be reviewed.
- **Right to Change your Health Records.** You have the right to ask us to make changes to correct health records we keep about you. These changes are known as amendments. Any request for an amendment must be in writing. You need to give a reason for your change request. We will contact you in writing no later than 60 days after we get your request. If we need more time, we may take up to another 30 days. We will let you know of any delays and the date when we will get back to you.

If we make the changes, we will let you know they were made. We will also give your changes to others who we know have your health records and to other persons you name. If we choose not to make your changes, we will let you know why in writing. You have a right to dispute the denied change request in writing.

- **Right to Receive an Accounting of Disclosures.** You have the right to receive a list of instances within the last six (6) years in which we or our business associates released your PHI. This does not apply to the release for purposes of treatment, payment, health care operations, or disclosures you authorized and certain other events. If you request this accounting more than once in a 12-month period, we may charge you a reasonable, cost-based fee for responding to these additional requests. We will provide you with more details on our fees at the time of your request.
- **Right to File a Complaint.** If you feel your privacy rights have been violated, or that we have violated our own privacy practices, you can file a complaint with us in writing or by phone. Use the contact information at the end of this notice. You will not be retaliated against for filing a complaint.

You can also file a complaint with the Secretary of the U.S. Department of Health and Human Services Office for Civil Rights by sending a letter to 200 Independence Ave. SW, Washington, D.C. 20201, or calling 1-800-368-1019, (TTY 1-866-788-4989), or visiting <http://www.hhs.gov/ocr/privacy/hipaa/complaints/>.

WE WILL NOT TAKE ANY ACTION AGAINST YOU FOR FILING A COMPLAINT.

Our Member Services Department can answer all of your questions. We can help you choose or change your Primary Care Provider (PCP for short), find out if a service is covered, get referrals, find a provider, replace a lost ID card, report the birth of a new baby, and explain any changes that might affect you or your family's benefits.

Contacting Member Services

You may call us at 1-866-799-5321, or 1-800-955-8770, Monday to Friday, 8 a.m. to 8 p.m. Eastern, but not on State approved holidays (like Christmas Day and Thanksgiving Day). When you call, make sure you have your identification card (ID card) with you so we can help you. (If you lose your ID card, or if it is stolen, call Member Services.)

Contacting Member Services after Hours

If you call when we are closed, please leave a message. We will call you back the next business day. If you have an urgent question, you may call our 24-Hour Nurse Advice Line at **1-866-799-5321**. Our nurses are available to help you 24 hours a day, 7 days a week.

Section 4: Do You Need Help Communicating?

If you do not speak English, we can help. We have people who help us talk to you in your language. We provide this help for free.

For people with disabilities: If you use a wheelchair, or are blind, or have trouble hearing or understanding, call us if you need extra help. We can tell you if a provider's office is wheelchair accessible or has devices for communication. Also, we have services like:

- Telecommunications Relay Service. This helps people who have trouble hearing or talking to make phone calls. Call **1-800-955-8770** and give them our Member Services phone number. It is 1-866-799-5321. They will connect you to us.
- Information and materials in large print, audio (sound); and braille
- Help in making or getting to appointments
- Names and addresses of providers who specialize in your disability

All of these services are provided free to you.

Section 5: When Your Information Changes

If any of your personal information changes, let us know as soon as possible. You can do so by calling Member Services. We need to be able to reach you about your healthcare needs.

The Department of Children and Families (DCF) needs to know when your name, address, county, or telephone number changes as well. Call DCF toll free at **1-866-762-2237** (TTY 1-800-955-8771) Monday through Friday from 8 a.m. to 5:30 p.m. You can also go online and make the changes in your Automated Community Connection to Economic Self Sufficiency (ACCESS) account at <https://dcf-access.dcf.state.fl.us/access/index.do>. If you receive Supplemental Security Income (SSI), you must also contact the Social Security Administration (SSA) to report changes. Call SSA toll free at **1-800-772-1213** (TTY 1-800-325-0778), Monday through Friday from 7 a.m. to 7 p.m. You may also contact your local Social Security office or go online and make changes in your my Social Security account at <https://secure.ssa.gov/RIL/SiView.do>

Section 6: Your Eligibility

You must be covered by Medicaid and enrolled in our plan for Children's Medical Services Health Plan to pay for your health care services and health care appointments. This is called having **Medicaid eligibility**. If you receive SSI, you qualify for Medicaid. If you do not receive SSI, you must apply for Medicaid with DCF.

Sometimes things in your life might change, and these changes can affect whether you can still have Medicaid. It is very important to make sure that you have health plan coverage before you go to any appointments. Just because you have a Plan ID Card does not mean you still have Medicaid. Do not worry! If you think your Medicaid coverage has changed or if you have any questions about your child's coverage, call Member Services at 1-866-799-5321 (TTY 1-800-955-8770). We can help you check on your coverage.

If you Lose your Medicaid Eligibility

If you lose Medicaid and get it back within 180 days, you will be enrolled back into our plan.

If you have Medicare

If you have Medicare, continue to use your Medicare ID card when you need medical services (like going to the doctor or the hospital), but also give the provider your Medicaid Plan ID card too.

If you are having a baby

If you have a baby, he or she will be automatically covered by an MMA plan on the date of birth. Call Member Services to let us know your baby has arrived and we will help make sure your baby is covered and has Medicaid right away.

It is helpful if you let us know you are pregnant **before** your baby is born to make sure your baby has Medicaid and to start prenatal care early. Call DCF toll free at 1-866-762-2237 while you are pregnant. If you need help talking to DCF, call us. DCF will make sure your baby has Medicaid from the day he or she is born. They will give you a Medicaid number for your baby. With DCF, you can also choose an MMA plan for your baby. Let us know the baby’s Medicaid number when you get it.

Section 7: Enrollment in Our Plan

Initial Enrollment

When you first join our plan, you have 120 days to try our plan. If you do not like it for any reason, you can enroll in another plan in the same region. Once those 120 days are over, you are enrolled in our plan for the rest of the year. This is called being locked-in to a plan. Every year you have Medicaid and are in the SMMC program, you will have an open enrollment period.

Open Enrollment Period

Each year, you will have 60 days when you can change your plan if you want. This is called your open enrollment period. Your open **enrollment period** is based upon where you live in Florida. The State’s Enrollment Broker will send you a letter to tell you when your open enrollment period is.

Region	Counties	Open Enrollment	Effective Date
9-11	(Broward, Indian River, Martin, Miami-Dade, Monroe, Okeechobee, Palm Beach, St. Lucie,)	Oct. 1 – Nov. 30	Dec. 1
5-8	(Brevard, Charlotte, Collier, DeSoto, Glades, Hardee, Hendry, Highlands, Hillsborough, Lee, Manatee, Orange, Osceola, Pasco, Pinellas, Polk, Sarasota, Seminole)	Nov. 1 – Dec. 31	Jan. 1
1-4	(Bay, Calhoun, Escambia, Franklin, Gadsden, Gulf, Holmes, Jackson, Jefferson, Leon, Liberty, Madison, Okaloosa, Santa Rosa, Taylor, Wakulla, Walton, Washington)	Dec. 1 – Jan. 31	Feb. 1

You do not have to change plans during your open enrollment period. If you do choose to leave our plan and enroll in a new one, you will start with your new plan at the end of your open enrollment period. Once you are enrolled in the new plan, you are locked-in until your next open enrollment period. You can call the Enrollment Broker at **1-877-711-3662** (TTY 1-866-467-4970).

Enrollment in the SMMC Long-Term Care Program

The SMMC Long-Term Care (LTC) program provides nursing facility services and home and community-based care to individuals ages 18 years and older with disabilities. Home and community-based services help people stay in their homes, with services like help with bathing, dressing, and eating; help with chores; help with shopping; or supervision.

We pay for services that are provided at the nursing facility. If you live in a Medicaid nursing facility full-time, you are probably already in the LTC program. If you don't know, or don't think you are enrolled in the LTC program, call Member Services. We can help you.

The LTC program provides help for people living in their home. But space is limited for these in-home services, so before you can receive these services, you have to speak to someone who will ask you questions about your health. This is called a screening. Once the screening is complete, the Agency and Disability Resource Centers (ADRC) will notify you about your wait list placement or provide you with a list of resources if you are not placed on the wait list. If you are placed on the wait list and a space becomes available for you in the LTC program, the Department of Elder Affairs Comprehensive Assessment and Review for Long-Term Care Services (CARES) program will ask you to provide more information about yourself to make sure you meet other medical criteria to receive services from the LTC program. Some enrollees do not have to complete the screening or wait list process if they meet all other LTC program eligibility requirements. For more information on Screening Exceptions in the LTC Program, visit the Agency's web page at

https://ahca.myflorida.com/Medicaid/statewide_mc/ltc_scrn.shtml. For example:

1. Are you 18, 19, or 20 years old?
2. Do you have a chronic debilitating disease or condition of one or more physiological or organ systems?
3. Do you need 24-hour-per-day medical, nursing, or health supervision or intervention?

If you said "yes" to all three questions, you may contact Sunshine Health to request an assessment for the LTC program. Once you are enrolled in the LTC program, we will make sure you continue to meet requirements for the program each year.

Children's Medical Services Health Plan

You can find the phone number for your local ADRC using the following map. They can also help answer any other questions that you have about the LTC program. Visit https://ahca.myflorida.com/Medicaid/statewide_mc/smmc_ltc.shtml for more information.

Section 8: Leaving Our Plan (Disenrollment)

Leaving a plan is called **disenrolling**. By law, people cannot leave or change plans while they are locked-in except for specific reasons. If you want to leave our plan while you are locked-in, call the State's Enrollment Broker to see if you would be allowed to change plans.

You can leave our plan at any time for the following reasons (also known as **For Cause Disenrollment** reasons¹):

- We do not cover a service for moral or religious reasons

You can also leave our plan for the following reasons, if you have completed our grievance and appeal process²:

- You receive poor quality of care, and the Agency agrees with you after they have looked at your medical records
- You cannot get the services you need through our plan, but you can get the services you need through another plan
- Your services were delayed without a good reason

If you have any questions about whether you can change plans, call Member Services or the State's Enrollment Broker at **1-877-711-3662** (TTY 1-866-467-4970).

¹ For the full list of For Cause Disenrollment reasons, please see Florida Administrative Rule 59G-8.600: https://www.flrules.org/gateway/RuleNo.asp?title=MANAGED_CARE&ID=59G-8.600

²To learn how to ask for an appeal, please turn to Section 13, Member Satisfaction, on Page 71.

Removal from Our Plan (Involuntary Disenrollment)

The Agency can remove you from our plan (and sometimes the SMMC program entirely) for certain reasons. This is called involuntary disenrollment. These reasons include:

- You lose your Medicaid
- You move outside of where we operate, or outside the State of Florida
- You lose your Children's Medical Services clinical screening eligibility or you turn 21 years old
- You knowingly use your Plan ID card incorrectly or let someone else use your Plan ID card
- You fake or forge prescriptions
- You or your caregivers behave in a way that makes it hard for us to provide you with care
- You are in the LTC program and live in an assisted living facility or adult family care home that is not home-like and you will not move into a facility that is home-like³

If the Agency removes you from our plan because you broke the law or for your behavior, you cannot come back to the SMMC program.

³ This is for Long-Term Care program enrollees only. If you have questions about your facility's compliance with this federal requirement, please call Member Services or your care manager.

Section 9: Managing Your Care

We will match you with a care manager. Your care manager is your go-to person. He or she is responsible for coordinating your care. This means they are the person who will help you figure out what services you need and how to get them. The care manager will work with your providers to manage your healthcare.

If you have a problem with your care, or something in your life changes, let your care manager know and they will help you decide if your services need to change to better support you.

Care Coordination Support from CMS Health Plan Trained Staff

Our Care Managers are trained to understand the unique challenges that our Specialty members face. They offer the highest quality of care.

Members also get support through our Care Coordination Outreach Program. At least once per quarter, we check on our members to see if they need help with services like:

- Behavioral, medical, or pharmacy
- Social services like housing, food, etc.

Access to Dedicated Children's Medical Services Health Plan at School Specialist

Members and their families have access to our "CMS Health Plan at School" Specialist. This person knows how to work with the schools to help our members get the services they need to improve school success.

Access to Children's Medical Services Health Plan Early Steps Specialist

Members and their families have access to our "CMS Health Plan Early Steps" Specialist. This individual will work with families to make a smooth transition from Early Steps in-home services as the child is turning three years of age and will move to new providers.

Transition Aged Youth Program (TAY)

We help members get ready to become adults. Our trained care managers are here to guide members and families on things like:

- Provider choice
- Employment
- Housing
- Transportation

Our program includes screening, coaching and education. We help members and families figure out what services and skills they need help with and create a plan to reach their goals.

Access to Transitions Specialist

Members and their families have access to our “CMS Health Plan Transitions” specialist. This specialist helps families and youth in transition from a Skilled Nursing Facility, Assisted Living Facility or hospital-like setting to live with their family or in a group home. This specialist works closely with a family to evaluate options and to create a plan to move the member if a change is in their best interest.

Changing Care Managers

If you want to choose a different care manager, call Member Services. There may be times when we will have to change your care manager. If we need to do this, we will send a letter to let you know and we may give you a call.

Important Things to Tell Your Care Manager

If something changes in your life or you don't like a service or provider, let your care manager know. You should tell your care manager if:

- You don't like a service
- You have concerns about a service provider
- Your services aren't right
- You get new health insurance
- You go to the hospital or emergency room
- Your caregiver can't help you anymore
- Your living situation changes
- Your name, telephone number, address, or county changes

Request to Put Your Services on Hold

If something changes in your life and you need to stop your service(s) for a while, let your case manager know. Your case manager will ask you to fill out and sign a Consent for Voluntary Suspension Form to put your service(s) on hold.

Section 10: Accessing Services

Before you get a service or go to a healthcare appointment, we have to make sure you need the service and that it is medically right for you. This is called prior authorization. To do this, we look at your medical history and information from your doctor or other healthcare providers. Then we will decide if that service can help you. We use rules from the Agency to make these decisions.

Providers in Our Plan

For the most part, you must use doctors, hospitals, and other healthcare providers that are in our provider network. Our **provider network** is the group of doctors, therapists, hospitals, facilities, and other healthcare providers that we work with. You can choose from any provider in our provider network. This is called your **freedom of choice**. If you use a healthcare provider that is not in our network, you may have to pay for that appointment or service.

You will find a list of providers that are in our network in our provider directory. If you want a copy of the provider directory, call **1-866-799-5321** to get a copy or visit our website at SunshineHealth.com/CMS. We can tell you more about your providers' schooling, residency and qualifications.

Providers Not in Our Plan

There are some services that you may be able to get from providers who are not in our provider network. These services are:

- Family planning services and supplies
- Women's preventative health services, such as breast exams, screenings for cervical cancer, and prenatal care
- Treatment of sexually transmitted diseases
- Emergency care

If we cannot find a provider in our provider network for these services, we will help you find another provider that is not in our network. Remember to check with us first before you use a provider that is not in our provider network. If you have questions, call Member Services.

Telemedicine

Children's Medical Services Health Plan uses this service to expand healthcare access to all members.

That includes:

- Members living in rural areas
- Members living in medically underserved communities
- Members who prefer the convenience and privacy of telemedicine
- Members who have complex conditions or schedules

We cover visits through this service just like in-person visits.

It doesn't matter if the location is remote. But the physician must conduct the visits in the scope of his or her practice.

How can you find a doctor who uses the service? That's easy!

You have a few options:

- Look in the Children's Medical Services Health Plan Provider Directory
- Visit our online provider search tool
- Call Member Services.

Once you find a provider, you can get care via telemedicine from your home! All you have to do is use your cellphone, tablet or computer.

Don't have those? That's OK, too!

Here are more options:

- We can refer you to the Safelink cellphone program, which offers free mobile phones and a free monthly allotment of minutes, text messages, and data that you can use for telemedicine
- You can visit one of our Welcome Rooms, which are equipped with computers, Wi-Fi, and private meeting spaces for a telemedicine visit
- Our CMS Care Managers' laptops can be made available for telemedicine appointments

Dental Services

Your dental plan will cover most of your dental services, but some dental services may be covered by your medical plan. The table below will help you to understand which plan pays for a service.

Type of Service(s)	Dental Plan	Medical Plan
Dental Services	Covered when you see your dentist or dental hygienist	Covered when you see your doctor or nurse
Scheduled dental services in a hospital or surgery center	Covered for dental services by your dentist	Covered for doctors, nurses, hospitals, and surgery centers
Hospital visit for a dental problem	<i>Not covered.</i>	Covered.
Prescription drugs for a dental visit or program	<i>Not covered.</i>	Covered.
Transportation to your dental service or appointment	<i>Not covered.</i>	Covered.

What Do I Have to Pay For?

You may have to pay for appointments or services that are not covered. A covered service is a service we must provide in the Medicaid program. All of the services listed in this handbook are covered services. Remember, just because a service is covered does not mean you will need it. You may have to pay for services if we did not approve it first.

If you get a bill from a provider, call Member Services. Do not pay the bill until you have spoken to us. We will help you.

Services for Children⁴

We must provide all medically necessary services for our members who are ages 0–20 years old. This is the law. This is true even if we do not cover a service or the service has a limit. As long as your child's services are medically necessary, services have:

- No dollar limits; or
- No time limits, like hourly or daily limits

Your provider may need to ask us for approval before giving your child the service. Call Member Services if you want to know how to ask for these services.

⁴Also known as "Early and Periodic Screening, Diagnosis, and Treatment" or "EPSDT" requirements.

Services Covered by the Medicaid Fee-for-service Delivery System, Not Covered Through Children's Medical Services Health Plan

The Medicaid fee-for-service program is responsible for covering the following services, instead of Children's Medical Services Health Plan covering these services:

- Behavior Analysis (BA)
- County Health Department (CHD) Certified Match Program
- Developmental Disabilities Individual Budgeting (iBudget) Home and Community-Based Services Waiver
- Familial Dysautonomia (FD) Home and Community-Based Services Waiver
- Hemophilia Factor-related Drugs
- Intermediate Care Facility Services for Individuals with Intellectual Disabilities (ICF/IID)
- Medicaid Certified School Match (MCSM) Program
- Model Home and Community-Based Services Waiver
- Newborn Hearing Services
- Prescribed Pediatric Extended Care
- Substance Abuse County Match Program

This Agency webpage provides details about each of the services listed above and how to access these services:

[http://ahca.myflorida.com/Medicaid/Policy and Quality/Policy/Covered Services HCBS Waivers.shtml](http://ahca.myflorida.com/Medicaid/Policy%20and%20Quality/Policy/Covered%20Services%20HCBS%20Waivers.shtml).

Moral or Religious Objections

If we do not cover a service because of a religious or moral reason, we will tell you that the service is not covered. In these cases, you must call the State's Enrollment Broker at **1-877-711-3662** (TTY 1-866-467-4970). The Enrollment Broker will help you find a provider for these services.

Section 11: Helpful Information About Your Benefits

Choosing a Primary Care Provider (PCP)

If you have Medicare, please contact the number on your Medicare ID card for information about your PCP.

One of the first things you will need to do when you enroll in our plan is choose a PCP. This can be a doctor, nurse practitioner, or a physician assistant. You will contact your PCP to make an appointment for services such as regular check-ups, shots (immunizations), or when you are sick. Your PCP will also help you get care from other providers or specialists. This is called a **referral**. You can choose your PCP by calling **Member Services**.

You can choose a different PCP for each family member or you can choose one PCP for the entire family. If you do not choose a PCP, we will assign a PCP for you and your family.

You can change your PCP at any time. To change your PCP, call **Member Services**.

Access to Integrated Care through Patient-Centered Medical Homes/Behavioral Health Homes

Members are more likely to have multiple health issues like asthma, diabetes, cardiovascular disease, cerebral palsy, sickle cell disease and other health conditions. We can help our members find a provider who is part of a Medical or Behavioral Health Home or Patient-Centered Medical Home.

Specialist Care and Referrals

Sometimes, you may need to see a provider other than your PCP for medical problems like special conditions, injuries, or illnesses. Talk to your PCP first. Your PCP will refer you to a **specialist**. A specialist is a provider who works in one healthcare area.

Make sure you tell your care manager about your **referrals**. The care manager will work with the specialist to get you care.

Second Opinions

You have the right to get a second opinion about your care. This means talking to a different provider to see what they have to say about your care. The second provider will give you their point of view. This may help you decide if certain services or treatments are best for you. There is no cost to you to get a second opinion.

Your PCP, care manager or Member Services can help find a provider to give you a second opinion. You can pick any of our providers. If you are unable to find a provider with us, we will help you find a provider that is not in our provider network. If you need to see a provider that is not in our provider network for the second opinion, we must approve it before you see them.

Urgent Care

Urgent Care is not Emergency Care. Urgent Care is needed when you have an injury or illness that must be treated within 48 hours. Your health or life are not usually in danger, but you cannot wait to see your PCP or it is after your PCP's office has closed.

If you need Urgent Care after office hours and you cannot reach your PCP, call our hour Nurse Advice Line. Speak with a nurse toll-free at **1-866-799-5321**. He or she will try to help you over the phone. You may also call our 24-Hour Behavioral Health Crisis Line at **1-866-799-5321**. You may be told to go to an urgent care center for help. Urgent care centers do not require a prior approval.

You may also find the closest Urgent Care center to you by calling Member Services at **1-866-799-5321** or visiting our website at SunshineHealth.com/CMS and clicking "Find a Provider."

Hospital Care

If you need to go to the hospital for an appointment, surgery or overnight stay, your PCP will set it up. We must approve services in the hospital before you go, except for emergencies. We will not pay for hospital services unless we approve them ahead of time or it is an emergency.

Your care manager will work with you and your provider to put services in place when you go home from the hospital.

Emergency Care

You have a medical emergency when you are so sick or hurt that your life or health is in danger if you do not get medical help right away.

Some examples are:

- Broken bones
- Bleeding that will not stop
- You are pregnant, in labor and/ or bleeding
- Trouble breathing
- Suddenly unable to see, move, or talk

Emergency services are those services that you get when you are very ill or injured. These services try to keep you alive or to keep you from getting worse. They are usually delivered in an emergency room.

If your condition is severe, call 911 or go to the closest emergency facility right away. You can go to any hospital or emergency facility. If you are not sure if it is an emergency, call your PCP. Your PCP will tell you what to do.

The hospital or facility does not need to be part of our provider network or in our service area. You also do not need to get approval ahead of time to get emergency care or for the services that you receive in an emergency room to treat your condition.

If you have an emergency when you are away from home, get the medical care you need. Be sure to call Member Services when you are able and let us know.

Filling Prescriptions

We cover a full range of prescription medications. We have a list of drugs that we cover. This list is called our **Preferred Drug List**. You can find this list on our website at SunshineHealth.com/CMS or by calling Member Services.

We cover **brand name** and **generic** drugs. Generic drugs have the same ingredients as brand name drugs, but they are often cheaper than brand name drugs. They work the same. Sometimes, we may need to approve using a brand name drug before your prescription is filled.

We have pharmacies in our provider network. You can fill your prescription at any pharmacy that is in our provider network. Make sure to bring your Plan ID card with you to the pharmacy.

The list of covered drugs may change from time to time, but we will let you know if anything changes.

Specialty Pharmacy Information

Specialty pharmacies fill prescriptions for specialty drugs. These types of drugs may be injected, infused or swallowed. You usually can't get these drugs at a store. Sunshine Health partners with AcariaHealth to provide specialty drugs. These are drugs that treat complex conditions. They require extra support to make sure they are used correctly. You will be offered the option to select a different specialty pharmacy by mail, after your initial specialty medication is filled. If you want a different specialty pharmacy, complete the Specialty Pharmacy Change Request Form provided, and we will review and let you know if it is approved.

If you have questions about any of the pharmacy services or need help with this form, call Member Services at 1-866-799-5321.

Behavioral Health Services

There are times when you may need to speak to a therapist or counselor, for example, if you are having any of the following feelings or problems:

- Always feeling sad
- Not wanting to do the things that you used to enjoy
- Feeling worthless
- Having trouble sleeping
- Not feeling like eating
- Alcohol or drug abuse
- Trouble with relationships
- Parenting concerns

We cover many different types of behavioral health services that can help with issues you may be facing. You can call a behavioral health provider for an appointment. You can get help finding a behavioral health provider by:

- Calling **1-866-799-5321** (TTY 1-800-955-8770)
- Looking at our provider directory
- Going to our website SunshineHealth.com/CMS

Someone is there to help you 24 hours a day, 7 days a week.

You do not need a referral from your PCP for behavioral health services.

If you are thinking about hurting yourself or someone else, call 911. You can also go to the nearest emergency room or crisis stabilization center, even if it is out of our service area. Once you are in a safe place, call your PCP if you can. Follow up with your provider within 24-48 hours. If you get emergency care outside of the service area, we will make plans to transfer you to a hospital or provider that is in our plan's network once you are stable.

Section 16: Other Important Information

Indian Health Care Provider (IHCP) Protection

Indians are exempt from all cost sharing for services furnished or received by an IHCP or referral under contract health services.

Emergency Disaster Plan

Disasters can happen at any time. To protect yourself and your family, it is important to be prepared. There are three steps to preparing for a disaster:

1. Be informed;
2. Make a Plan and
3. Get a Kit.

For help with your emergency disaster plan, call Member Services or your care manager. The Florida Division of Emergency Management can also help you with your plan. You can call them at **1-850-413-9969** or visit their website at **www.floridadisaster.org**.

Tips on How to Prevent Medicaid Fraud and Abuse:

- DO NOT share personal information, including your Medicaid number, with anyone other than your trusted providers.
- Be cautious of anyone offering you money, free or low-cost medical services, or gifts in exchange for your Medicaid information.
- Be careful with door-to-door visits or calls you did not ask for.
- Be careful with links included in texts or emails you did not ask for, or on social media platforms.

Fraud/Abuse/Overpayment in the Medicaid Program

To report suspected fraud and/or abuse in Florida Medicaid, call the Consumer Complaint Hotline toll-free at **1-888-419-3456** or complete a Medicaid Fraud and Abuse Complaint Form, which is available online at: <https://apps.ahca.myflorida.com/mpi-complaintform>

You can also report fraud and abuse to us directly by contacting Sunshine Health's anonymous and confidential hotline at 1-866-685-8664, or by contacting the Compliance Officer at 1-866-799-5321. You may also send an email to Compliancefl@centene.com.

Abuse/Neglect/Exploitation of People

You should never be treated badly. It is never OK for someone to hit you or make you feel afraid. You can talk to your PCP or care manager about your feelings.

If you feel that you are being mistreated or neglected, you can call the Abuse Hotline at 1-800-96-ABUSE (1-800-962-2873) or for TTY at 1-800-955-8771.

You can also call the hotline if you know of someone else that is being mistreated.

Domestic Violence is also abuse. Here are some safety tips:

- If you are hurt, call your PCP
- If you need emergency care, call 911 or go to the nearest hospital. For more information, see the section called EMERGENCY CARE
- Have a plan to get to a safe place (a friend's or relative's home)
- Pack a small bag, give it to a friend to keep for you

If you have questions or need help, please call the National Domestic Violence Hotline toll free at 1-800-799-7233 (TTY 1-800-787-3224).

Advance Directives

An **advance directive** is a written or spoken statement about how you want medical decisions made if you can't make them yourself. Some people make advance directives when they get very sick or are at the end of their lives. Other people make advance directives when they are healthy. You can change your mind and these documents at any time. We can help you get and understand these documents. They do not change your right to quality healthcare benefits. The only purpose is to let others know what you want if you can't speak for yourself.

1. A Living Will
2. Health Care Surrogate Designation
3. An Anatomical (organ or tissue) Donation

You can download an advance directive form from this website:

<http://www.floridahealthfinder.gov/reports-guides/advance-directives.aspx>.

Make sure that someone, like your PCP, lawyer, family member, or care manager knows that you have an advance directive and where it is located.

If there are any changes in the law about advance directives, we will let you know within 90 days. You don't have to have an advance directive if you do not want one.

If your provider is not following your advance directive, you can file a complaint with Member Services at **1-866-799-5321** or the Agency by calling **1-888-419-3456**.

Evaluation of New Technology

We study new technology each year. Plus, we look at the ways we use the technology we have now. We do this for a few reasons. They are to:

- Make sure we're aware of changes in the industry
- See how new improvements can be used with the services we provide to our members
- Make sure that our members have fair access to safe and effective care

We do this review in the following areas:

- Behavioral health procedures
- Medical devices
- Medical procedures
- Pharmaceuticals

Connecting Your Child's Healthcare: Access to Your Child's Digital Health Records

The federal Interoperability and Patient Access Rule (CMS 9115 F) makes it easier for members to get their health records. You now have full access to your child's health records on your mobile device. That helps you manage your child's health and get services.

Imagine:

- Your child goes to a new doctor because they don't feel well. The new doctor can pull up your child's health history from the past five years.
- You use a current provider list to find a doctor or specialist.
- That doctor or specialist can use your child's health history to find out what is wrong.
- You go to your computer to see if a claim is paid, denied or still being processed.
- If you want, you take your child's health history with you as you switch health plans.

The rule applies to information for dates of service on or after Jan. 1, 2016. It makes it easy to find information on your child's claims, pharmacy drug coverage, health information and providers. For more info, visit your child's Secure Member Portal account at SunshineHealth.com/login.
