NITISINONE (Orfadin[®], Nityr[®])
(Maximum Length of Therapy is 12 Months)
Note: Form must be completed in full. An incomplete form may be returned.

Review Criteria

- 1. If the patient can be maintained on dietary restrictions alone, Orfadin® or Nityr® is not approved. (If the answer to question two is **YES**, do not approve.)
- 2. If the patient is on a liver transplantation list, approval period is only for six months.
- 3. If in the physician's opinion, the patient will become a liver transplant candidate within the next year, the approval period is only six months.
- 4. All other approvals are for a one-year period.
- Limit the dose to 2 mg/kg for Orfadin[®] and Nityr[®].
- 6. Orfadin® is packaged in a high density (HD) polyethylene container of **60 capsules and cannot be repackaged and dispensed in a different container** or a 90mL suspension is available of 4 mg/mL.
- 7. Nityr® is available in tablet formulation.
